

PRESS RELEASE**Embargo until May 12th 2010, 17h40**

INTERMEDIATE STATEMENT – REGULATED INFORMATION

Prepared by Managing Directors Dirk De Cuyper and Peter De Cuyper.
Wetteren, Belgium – May 12th, 2010.

Comments on the significant events and transactions since January 1, 2010

No important events have occurred since January 1, 2010 with a significant impact on the company's results and financial structure.

Outlook

The sold volumes of preforms and bottles for the first four months of 2010 have increased by more than 10% compared to the same period of 2009.

This growth is the result of the reorganization of the sales organization, the diversification of customers and products and the geographical spread of sales and production units. This growth has been realized despite the more expensive raw materials, these increase of prices have been passed on to the customers.

Regarding the financial concerns relating to some South-European countries and the corresponding financial tensions, Resilux expects little impact on sales and results.

Furthermore the activities of Resilux are geographically well spread and based upon the efforts of the last years, Resilux has a solid financial structure.

The implementation of the capital expenditures budget for 2010 is according to plan.

For the full year 2010, Resilux confirms the outlook announced in the press release of March 17th, 2010.

For more information, please contact: Resilux NV - Dirk De Cuyper

RESILUX NV specialises in the manufacture and sales of PET preforms and bottles. These preforms and bottles are used for the packaging of water, soft drinks, edible oils, ketchup, detergents, milk, beer, wine, fruit juices and other liquids. Resilux originally was a family business, and was established in 1994. Since 3rd October 1997, RESILUX has been quoted on Euronext Brussels. RESILUX has production units in Belgium, Spain, Greece, Russia, Switzerland, Hungary and in the U.S.A.
